Is there a Brutus in Russia? Is there a more successful Colonel Stauffenberg in the Russian military?

The only way this ends is for somebody in Russia to take this guy out.

You would be doing your country - and the world - a great service.

The only people who can fix this are the Russian people.

Easy to say, hard to do.

Unless you want to live in darkness for the rest of your life, be isolated from the rest of the world in abject poverty, and live in darkness you need to step up to the plate.

We need to reach them somehow. Is there any list of dating sites popular and still available in Russia so we can try to talk with Russian's people about real situation in Ukraine? We can use Google translate and even fake GPS location!!!

You had MANY chances to take a stand and support Ukraine, Lindsey -- but each and every time, you defended your diabolical, emotionally disturbed bestie who idolized Putin.

And now, here we are.
